

Web3 Wizards Guild – Sister Nivedita University (2024–25)

Club Overview

The Web3 Wizards Guild is a student-led initiative focused on spreading awareness, technical knowledge, and innovation in blockchain and decentralized technologies. We aim to equip students with the skills to thrive in the Web3 ecosystem through collaboration, creativity, and community-driven learning.

Introduction

A club dedicated to introducing young minds to the fascinating world of Web3 and decentralization. Through interactive sessions, bootcamps, and hands-on projects, the Guild helps students explore how decentralized systems are transforming technology and society.

Vision

To build a vibrant community where students can foster meaningful connections, exchange ideas, and develop innovative solutions within the blockchain and decentralized technology space.

Mission

Our mission is to make Web3 accessible to everyone—bridging the gap between curiosity and creation. By empowering students with blockchain knowledge, real-world tools, and mentorship, we aim to create a culture of experimentation, collaboration, and lifelong learning.

Objectives & Activities

The Guild organizes diverse initiatives designed to educate, engage, and empower:

Learning & Development: Conduct orientations, workshops, and bootcamps to strengthen blockchain fundamentals.

Practical Application: Host hackathons and project showcases to encourage hands-on DApp development.

Community & Outreach: Collaborate with industry experts, DAOs, and organizations to expand learning opportunities.
